Never give up on your dreams

Make your own Pop-Up Ballerina!

You will need to collect

- * A glue stick or PVA glue
- * A pair of scissors
- * Thin card

FUN FACT!

Most ballerinas wear out 2 or 3 pairs of ballet slippers per week!

STEP 1

Start by gluing the inside design to your card. Wait for it to dry then carefully cut it out (you may need the help of an adult). Next, cut along the 2 vertical dotted lines in the centre rectangle shape, then fold in half.

STEP 2

Glue Felicie to your cardboard and cut around her very carefully. Next, stick her to the area marked 'Glue Ballerina here' and allow to dry.

STEP 3

Finally you'll need to cut around the outside design and glue it directly on to the back of the inside design and leave to dry, then fold it in half (don't glue the rectangular area in the centre of the inside design).

Now you're ready to watch Felicie POP-UP each time you open it!
